

2026 Mont Blanc Cup - Women's Ice Hockey Tournament

The Mont Blanc Cup is a premier women's hockey tournament featuring two divisions at the competitive and recreational levels. Historically, teams from the USA, Canada, and across all of Europe travel to participate in this exciting, inclusive, international event.

The tournament is hosted in the breathtaking resort town of Chamonix, France, in the heart of the French Alps and home of the very first Winter Olympic Games. The tournament guarantees each team a minimum of five games, along with scheduled memorable social activities.

All teams are accommodated in a spa hotel which has 3 star and 4 star accommodations, and is ideally located near restaurants, shops, local attractions, and walking distance to the main ice arena. Private buses provide transportation to the secondary arena throughout the tournament.
